## Report by Pastor Ernie Frechette

Pastor Gerry and I had to make a quick trip to Cuba unexpectedly Dec 7 -12th, as we were asked by the board vice-president Pastor Luis Peres Tornez to come and help them with some restructuring at Cristocentro. As we got there we were greeted at the Varedero airport by Pastor Luis and his wife Elizabeth, who graciously took care of all our travel and accommodations while we were there. I had the pleasure of sharing at the Santa Clara Church on Sunday morning recalling that Pastor Peter Broesky had helped build that church and how vibrant and alive it is now! He would be blessed to see this!

That afternoon, we met with the board of 5 men, without Pastor Oscar Arius. As we found out that Pastor Oscar stepped down as president and that Luis was now the new president! So we learned more of the circumstances surrounding this change. We now believe this will be a good change, as Pastor Luis is a solid Christian that has been with Cristocentro since the beginning and the 4 other men on the board also!

Their vision is to take care of the churches pastors and outreach ministries, making sure we get better reporting so that we can let the donors know how things are going in Cuba! Already since we have been back I see not only reporting from the president, but from all the board members. You will see several pictures below of our trip, but also Christmas celebrations at several churches. We ask you to continue to pray and support financially the work done in Cuba, now under new leadership. Gerry and I also visited Pastor Oscar in Sancti Spiritus and he brought us to visit the 2 farms, where we did inventory and assessed the work happening there. There too we have to make some changes, but with your prayers we know God will make these prosper so the Churches can benefit. May Jesus bless you all with a Happy New Year!

From top down going right!
